SILENT AUCTION

As one of the most popular highlights of the Duke Children's Benefit Horse show, the silent auction raised \$28,500 for the Hospital in 2007. The auction takes place all week long with bidding ending on Saturday night after the first round of the Grand Prix. The event displays a wide variety of items, and many of the exhibitors and spectators use the auction as an opportunity to begin their Christmas shopping. Items of any nature, horse related or not, are welcomed contributions for this event. With generous donations from the community and the help of our enthusiastic bidders, we hope to continue to have a successful and exciting silent auction. Let the bidding wars begin!

Items may be dropped off during any Triangle Farms managed horse show, at the Triangle Farms office, or with any Duke Children's Horse Show Committee Member. Items will be accepted in advance so bid sheets can be produced but will also be accepted during the horse show.

Please be sure to fill out a Duke Children's Development Acquisition Form with your contact information, item description, and value, and retain a copy for you tax records.

The Federal ID number for Duke Children's Hospital is 56-0532129.
